

15th Annual Safe From The Sun

Walk and 5K Run, Skin Cancer Screening, Wellness Expo

Join us for our 15th Year!!

For fifteen years MIF has never strayed from its mission: to personally provide high quality service to melanoma patients and caregivers. We are dedicated to empowering those dealing with melanoma to find the best therapy, quality and quantity of life. Our outreach ensures you never walk this path alone. Over 1500 participants will bring awareness to melanoma. We honor those who we have lost the battle or are dealing with this disease. A free skin cancer screening promotes the finding of melanoma early, when it is curable. For 15 years, Safe From The Sun has helped melanoma patients and their loved ones by creating a supportive melanoma community.

1
